

# SUSTAINABLE DEVELOPMENT GOALS

THE GOVERNEMENTS OF FRANCE, LUXEMBOURG AND  
ITALY

AND THE UNITED NATIONS FOUNDATION

are pleased to invite you to the side event held during the  
ministerial segment of the High Level Political Forum

## The Global Climate Action Agenda, a Solution Provider to Implement the SDGs

Achieving the Sustainable Development Goals and implementing the Paris Agreement require the full involvement of all non-state actors along with that of governments. Taking stock of the historic mobilization on climate change sparked by recent COPs of the UNFCCC, the side-event will explore ways to strengthen synergies in the implementation of the agendas on climate and sustainable development through multi-stakeholder partnerships. It will in particular discuss how the *Global Climate Action Agenda* provides an efficient and inclusive example that can inspire and serve the implementation of the 2030 Agenda.
