UNICEF, the coalition of child focused agencies (ChildFund Alliance, World Vision, Save the Children, Plan International, and SOS Children’s Villages), and Nord Anglia Education will host its annual HLPF side event on children’s and young people’s participation in the implementation of the SDGs.

Building back better, fairer, and greener requires collaboration between nations and generations. The event will feature the experiences and activism of young advocates to recover from the COVID-19 pandemic and achieve the SDGs. We will also hear from the Government of Spain on its experience in mainstreaming child rights and child voices in the country’s implementation of the SDGs and national plans.
