

Working Document for 5 – 9 May Session of Open Working Group
(Proposals by the Islamic Republic of IRAN)

Focus area 1. Poverty eradication, building shared prosperity and promoting equality

End poverty in all its forms everywhere

- a) eradicate extreme poverty by 2030¹
- b) reduce the proportion of people living below national poverty lines² by 2030
- c) by 2030 implement nationally appropriate social protection measures including floors³, with focus on coverage of the most marginalized⁴
- d) build resilience of the poor and reduce by x% deaths and economic losses related to disasters⁵
- e) achieve **ensuring equal access to** full and productive employment for all, **who seek employment**, including women and young people **and people in vulnerable situations**⁶
- f) ensure equality of economic opportunity for all women and men⁷, including secure rights to own land, property and other productive ~~assets~~ **resources** and access to financial services for all women and men⁸
- g) **ensure that adequate policy space is given to developing countries by International organisations;**
- h) **create and enhance an enabling environment aimed at expanding the development opportunities of developing countries by all, especially by the UN and developed countries;**
- i) **developed countries commit to provide x% per cent of gross national income (GNI) for official development assistance (ODA) for developing countries;**

Other appropriate means of implementation

Focus area 2. Sustainable agriculture, food security and nutrition

End hunger and improve nutrition for all through sustainable agriculture and improved food systems

- a) all people have access to adequate (safe, affordable, ~~diverse~~ and nutritious) food all year round⁹
- b) end malnutrition in all its forms, notably stunting and wasting in children under five years of age¹⁰
- c) by 2030 ensure sustainable food production systems with high yields, and ~~reduce intensity of use of water by at least x%, chemicals by at least y%, and energy by at least z%~~¹¹
- d) **commit to help developing countries in enhancing their capacities and facilitate affordable access to related technologies;**

- e) by 2030 achieve access to adequate inputs, knowledge, productive resources, financial services and markets for **developing countries, especially** small farmers and fishers, with a particular focus on women and indigenous peoples¹²
- f) reduce the global rate of loss and waste along the food supply chain by 50 percent by 2030¹³
- ~~g) all countries have in place sustainable land-use policies by 2020, and all drought-prone countries develop and implement drought preparedness policies by 2020¹⁴~~
- h) achieve ~~climate-smart agriculture~~ **al development** that is resilient and adaptable to extreme weather including drought, climate change and natural disasters¹⁵
- i) achieve by 2030 protection of agricultural biodiversity, including through use of the practices and local knowledge related to agro-biodiversity and diversity of food, **as well as enhancing the capacities of developing countries and facilitate affordable access for them to related technologies**¹⁶
- j) Ensure adequate international support through finance and technology as well as institution building and capacity building to implement national rural development and agricultural policies by developing countries**

Other appropriate means of implementation

Focus area 3. Health and population dynamics

Healthy life at all ages for all

- a) by 2030 reduce the maternal mortality ratio to less than 40 per 100,000 live births¹⁷, end preventable new-born and child deaths and reduce by x% child and maternal morbidity¹⁸
- b) by 2030 end the epidemics of HIV/AIDS, tuberculosis, malaria and neglected tropical diseases¹⁹
- c) reduce by x% the risk of premature mortality from non-communicable diseases (NCDs), injuries and promote mental health with strong focus on prevention²⁰
- d) achieve **nationally tailored** universal health coverage (UHC), including financial risk protection, with particular attention to the most marginalized²¹
- e) by 2030 ensure universal access to affordable essential medicines and vaccines for all,²²
- f) **ensure an affordable transfer of vaccines, medicines and medical technologies to developing countries;**
- g) ensure universal access to ~~comprehensive~~ sexual and reproductive health for all, including modern methods of family planning, **in accordance with ICPD**²³
- h) decrease by x% the number of deaths and illnesses from indoor and outdoor air pollution and other forms of environmental degradation²⁴ **and ensure the access to related know-how, science, technologies, and innovations by developing countries;**
- i) Eliminate narcotic drug and substance abuse²⁵ **through including enhance regional and international cooperation;**

- j) **establish trans-boundary cooperation mechanism through exchange of early-warnings, risk reduction, knowledge and know-how sharing**
- k) **strengthen health systems through increased health financing, development and training of the health workforce, and improved health infrastructure at the national and international levels;**

Appropriate means of implementation

Focus area 4. Education and life-long learning

Provide quality education and life-long learning for all

- a) by 2030 ensure universal, free, equitable access to and completion of quality primary and secondary education for all girls and boys, leading to effective learning outcomes²⁶
- b) ensure that persons with disabilities have access to inclusive education, skills development and vocational training²⁷
- c) by 2030 increase by x% the proportion of children able to access and complete quality pre-primary education²⁸
- d) by 2030 achieve universal youth and adult literacy, with particular attention to women and the most marginalized²⁹
- e) by 2030 increase by x% the number of young and adult women and men with vocational training, technical, engineering and scientific skills³⁰
- f) integrate relevant knowledge and skills in education curricula, including ICT skills³¹, education for sustainable development, and awareness raising on culture's contribution to sustainable development³²
- g) all schools to provide safe and healthy learning environment for all students³³
- h) **Ensure adequate international support through finance and technology as well as institution building and capacity building to implement national rural development and agricultural policies by developing countries**
- i) **ensure unconditional transnational cooperation in the fields of education, vocational and skills;**

Appropriate means of implementation

Focus area 5. Gender equality and women's empowerment

Attain gender equality and women's empowerment everywhere

- a) by 2030 end all forms of discrimination against women of all ages³⁴
- b) by 2030 end violence against women and girls in all its forms,³⁵
- c) by 2030 ensure equal access to education at all levels³⁶
- d) by 2030 ensure equal employment opportunities for women and equal pay for equal work³⁷

- i) by 2030 ensure universal access to sexual and reproductive health and reproductive rights⁴² **in accordance with ICPD**
- j) ~~promote the availability~~ **ensure capacity building in and availability** of gender disaggregated data to improve gender equality policies, including gender sensitive budgeting⁴³, **including through unconditional multilateral cooperation**

Appropriate means of implementation

Focus area 6. Water and sanitation

Water and sanitation for a sustainable world

- a) by 2030, provide universal access to safe and affordable drinking water, sanitation and hygiene⁴⁴, especially for women and girls⁴⁵
- b) by 2030, improve wastewater management, recycling and reuse by x%⁴⁶, **including through enhance partnership**
- c) by 2030, improve water-use efficiency⁴⁷ by x% in all sectors, with particular focus on agriculture⁴⁸ **including through enhance partnership**
- d) implement integrated water resource management, including appropriate trans-boundary co-operation⁴⁹ **including through enhance partnership**
- e) by 2030, bring fresh water extraction in line with sustainable supply, protect and restore ecosystems, to provide water-related services⁵⁰ **including through enhance partnership**
- f) by 2030, significantly improve water quality, eliminate pollution and dumping of toxic materials in water bodies, and protect aquifers⁵¹ **including through enhance partnership**
- g) invest in water harvesting and storage technologies, and double the rainwater harvested by 2030⁵² **including through enhance partnership**
- h) **ensure access to sufficient multilateral financial resources by developing countries;**
- i) **ensure affordable access to related know-how, science, technologies, and innovations by developing countries;**
- j) decrease by x% mortality and serious injuries, and decrease economic losses caused by water-related disasters, by 2030⁵³ **including through enhance partnership**

Appropriate means of implementation

Focus area 7. Energy

Ensure access to affordable, sustainable, and reliable modern energy for all

- a) by 2030 ensure universal access to sustainable modern energy services⁵⁴ **at all stages of production, transition and consumption of energy**
- b) double⁵⁵ the share of renewable energy in the global energy mix by 2030⁵⁶
- c) double⁵⁷ the global rate of improvement in energy efficiency, including in buildings, industry, agriculture and transport, by 2030⁵⁸ **including through enhance partnership**
- d) by 2030 increase by x% the share of clean and low- or zero-emission energy technologies, including sustainable biomass and advanced cookstoves⁵⁹
- e) **ensure affordable access to related know-how, science, technologies, and innovations by developing countries;**
- f) by 2030 ~~phase out~~ **streamline all fuel subsidies**, ~~fossil fuel subsidies~~⁶⁰ that encourage wasteful consumption⁶¹.

Appropriate means of implementation

Focus area 8. Economic growth, employment and infrastructure

Promote sustainable, inclusive and sustained economic growth and decent jobs for all

- a) sustain income growth of the bottom 40% of the income distribution of each country to reduce income inequalities by 2030⁶²
- ~~b) achieve full and productive employment and decent work for all who seek employment including for marginalized groups by 2030⁶³ - (repetition in FA 1)~~
- c) halve the number of youth not in employment, education or training by 2020⁶⁴
- d) by 2030 improve by x% the energy and resource productivity of economic activities⁶⁵ and reduce by y% their waste and emissions per unit of output (UNFCCC?!)⁶⁶
- e) **facilitate investments in the developing countries, in infrastructure such as roads, railways, ports, electricity, and communications;**
- f) create appropriate climate for SMEs, entrepreneurship and innovation by 2020 **at the national, regional and international levels**⁶⁷
- g) increase the share of high productivity sectors and activities in the economy⁶⁸, and strengthen productive capacities through technological upgrading and greater value addition, with a particular focus on LDCs⁶⁹
- h) create conducive regulatory and fiscal systems to promote sustainable development in the developing countries;**
- i) promote trade facilitation and market access for developing countries,**
- j) develop sustainable infrastructure accessible to all⁷⁰, with attention to needs of countries in special situations⁷¹, and by 2030 provide access for 100% of rural populations to basic infrastructure and services⁷²
- k) establish a UN Global Technology Facilitation Mechanism**

- l) protect the rights of all workers, including migrant workers, in compliance with ILO fundamental rights at work⁷³
- m) end child labour by 2030 (Isn't it prohibited by the Convention?!)⁷⁴
- n) encourage formalization of informal sector activities and employment⁷⁵

Appropriate means of implementation

Focus area 9. Industrialization and promoting equality among nations

Promote sustainable industrialization and equality among nations

- a) ensure adequate policy space⁷⁶ and a conducive policy environment for industrial development, including encouragement of industrial entrepreneurship and enterprise formation with inclusion of SMEs⁷⁷
- b) create decent industrial sector jobs and promote job-rich industrial development⁷⁸
- c) achieve high productivity levels across industrial sectors in all countries⁷⁹
- d) Promote endogenous technology development and innovation in developing countries.**
- e) by 2030 increase industrial diversity particularly in developing countries, with a focus on shifting towards higher value-added activities⁸⁰
- f) ensure favourable market access for industrial products and processed commodities of developing countries;**
- g) by 2030, increase by x% the resource-efficiency of industry⁸¹, reduce by y% harmful chemicals used and waste generated⁸², and decrease by z% the intensity of carbon emissions from the industrial sector⁸³
- h) increase by a factor of x the share of environmentally sustainable products and services in GDP⁸⁴
- i) enhance access to science, engineering and technical skills, and innovations for developing countries;**
- j) by 2020 implement plans and measures to strengthen the technological capabilities of industrial sectors, including plans to accelerate development and adoption of environmentally sound industrial technologies and processes⁸⁵
- k) Increase domestic processing of raw materials by x%**
- l) by 2030 retrofit x% of existing industries on global level based on energy and resource-efficient technologies and environmentally sound industrial processes
- m) ensure that the outcomes of research and knowledge creation are accessible to developing countries**
- n) Ensure that trade rules and negotiations are consistent with the objectives of developing countries for industrial development and technological progress in order to ensure equality of economic opportunities for all**
- o) observe cultural identity, societal values and use of indigenous languages in all countries**
- p) Establish measures at global level to reduce inequality among countries**

Appropriate means of implementation

Focus area 10. Sustainable cities and human settlements

Build inclusive, safe and sustainable cities and human settlements

- a) By 2030, ensure universal access to adequate and affordable housing and basic services for all⁸⁶, and eliminate slum-like conditions everywhere⁸⁷
- b) By 2030, provide access to safe, affordable, accessible and sustainable transport for all⁸⁸, improve road safety⁸⁹ and urban air quality⁹⁰
- c) enhance capacities **of the developing countries** for **having** integrated urban planning and management⁹¹
- d) by 2030, reduce the ecological footprints of cities by x% **(UNFCCC?! CBDR?!)**⁹²
- e) by 2020, increase by x% the number of cities adopting and implementing policies and plans towards resilience and adaptation to climate change and natural disasters⁹³
- f) **facilitate investments in the developing countries, in infrastructure such as roads, railways, ports, electricity, and communications;**
- g) by 2030 enhance social cohesion and personal security, and ensure universal access to inclusive and safe public spaces⁹⁴
- h) by 2030 ensure that all cities are accessible and offer opportunities to persons with disabilities⁹⁵
- i) protect and safeguard the world's cultural and natural heritage⁹⁶
- j) **commit to help developing countries in enhancing their capacities and ensure affordable access to related know-how, science, technologies, and innovations by developing countries;**

Appropriate means of implementation

Focus area 11. Sustainable Consumption and Production

Promote sustainable consumption and production patterns

- a) by 2030 achieve sustainable management and use of natural resources⁹⁷
- b) by 2030 reduce waste by x% through prevention, reduction, recycling and reuse⁹⁸
- c) improve the resource productivity of economic activities by x%⁹⁹, including through sustainable supply chains by 2030¹⁰⁰
- d) **Implement the 10-Year Framework of Programme (10YFP) on sustainable consumption and production**
- e) by 2030 redouble efforts to raise awareness for creating a culture of sufficiency and sustainable lifestyles¹⁰¹, including sustainability information on products and services¹⁰²

- f) by 2020, encourage economic incentives that promote sustainable consumption and production patterns including through a product life-cycle approach¹⁰³
- g) by 2030 increase by x percentage points the share of companies reporting on corporate social and environmental responsibility¹⁰⁴, including integrated reporting¹⁰⁵
- h) Setting global targets and indicators for progress on moving towards sustainable consumption and production methods, to be tailored nationally;**
- i) by 2030, all financial sector actors incorporate sustainable development principles in their business practices¹⁰⁶
- j) Strengthen international cooperation, including through financial resources, capacity-building and technology transfer to developing countries**
- k) create incentives for sustainable tourism¹⁰⁷

Appropriate means of implementation

Focus area 12. Climate change

~~Take urgent and significant action to mitigate and adapt to climate change~~

Build a climate change goal based on the outcome of COP21 of the UNFCCC (what would be the added-value of duplication?!!!)

- ~~a) hold the increase in global average temperature below an x°C rise in accordance with international agreements¹⁰⁸ (UNFCCC?!)~~
- ~~b) build resilience and adaptive capacity to climate induced hazards in all vulnerable countries¹⁰⁹ (UNFCCC?!)~~

(The followings are also already streamlined in other focus areas)

- c) integrate climate adaptation and emissions reductions into development plans and poverty reduction strategies¹¹⁰
- d) introduce instruments and incentives for investments in low-carbon solutions in infrastructure, industry and other sectors¹¹¹
- e) improve education and awareness raising on climate change

Appropriate means of implementation

Focus area 13. Conservation and sustainable use of marine resources, oceans and seas

Take urgent and significant actions for the conservation and sustainable use of marine resources, oceans and seas

- a) by 2030, prevent, control and reduce by x% marine pollution and marine disposal of waste and tailings, including from land-based activities¹¹²
- b) by 2030, restore and protect marine ecosystems from destruction¹¹³, including by halting and preventing ocean acidification¹¹⁴
- c) by 2030, regulate harvesting to restore fish stocks to ecologically safe levels that can produce maximum sustainable yield¹¹⁵, and support sustainable small-scale fisheries¹¹⁶
- d) develop and ensure the full implementation of existing regional and international regimes governing oceans and seas, including for resources in areas beyond national jurisdictions **by their state parties**¹¹⁷
- e) by 2020, eliminate illegal, unreported and unregulated (IUU) fishing¹¹⁸ and destructive fishing practices¹¹⁹
- f) establish **M**arine **P**rotected **A**reas, consistent with international law¹²⁰
- g) by 2030, eliminate fishing subsidies which contribute to overcapacity and overfishing¹²¹

Appropriate means of implementation

Focus area 14. Ecosystems and biodiversity

Protect and restore terrestrial ecosystems and halt all biodiversity loss

- a) by 2020 halt the loss of all biodiversity, including habitats, and protect threatened species¹²²
- b) by 2020 ensure conservation and sustainable use of ecosystems, including through restoration of degraded critical ecosystems¹²³
- c) ensuring fair and equitable sharing of the benefits from the utilization of genetic resources;**
- d) maintain genetic diversity of both farmed species and their wild relatives¹²⁴
- e) by 2030, ensure sustainable management of all forests¹²⁵ and mountain ecosystems,¹²⁶ halting deforestation and increasing reforestation¹²⁷, **restoring degraded forest ecosystems and increasing area of protected forests** by x% by 2030,
- f) achieve a land degradation neutral world¹²⁸

- g) **commit to help developing countries in enhancing their capacities and ensure affordable access to related know-how, science, technologies, and innovations by developing countries;**
- h) ensure fair and equitable sharing of benefits derived from natural assets, including genetic resources¹²⁹
- i) end poaching and trafficking of endangered species¹³⁰
- j) by 2030, eliminate invasive alien species¹³¹
- k) **ensure that the outcomes of research and knowledge creation are accessible to developing countries**
- l) ensure inclusion of indigenous and local communities in decision making, and promote traditional knowledge of indigenous peoples¹³²
- q) **enhance access to science, engineering and technical skills, and innovations for developing countries;**
- r) **reinforce incentives for developing countries to advance sustainable forests management and enhancement of forest carbon stocks**

Appropriate means of implementation

Focus area 15. Means of implementation/Global partnership for sustainable development

Strengthen global partnership for sustainable development

Means of implementation

Trade:

- a) promote open, rules-based, non-discriminatory and equitable multilateral trading and financial systems¹³³, including complying with the agricultural mandate of the WTO Doha Round¹³⁴
- b) provide greater duty-free and quota-free market access to least developed countries in keeping with World Trade Organization decisions¹³⁵
- c) improve market access for agricultural and industrial exports of developing countries, especially Least Developed Countries,¹³⁶ and at least double the share of LDCs' exports in global exports by 2020¹³⁷

Technology transfer, technological capabilities:

- d) enhance regional and international cooperation for science, technology, and innovation and solutions-oriented research¹³⁸, and enhance knowledge sharing, including through North-South, South-South and triangular cooperation¹³⁹
- e) promote transfer and dissemination of clean and environmentally sound technologies to developing countries¹⁴⁰
- f) fully operationalize the Technology Bank and STI Capacity Building Mechanism for LDCs¹⁴¹

- g) strengthen institutions and build capacities in developing countries to undertake research, development and adaptation of technologies, including clean and environmentally sound technologies¹⁴²
- h) support fully research and development of vaccines and medicines for the common diseases of developing countries, notably LDCs¹⁴³

Financing and debt sustainability:

- i) full implementation by developed countries of ODA commitments on an agreed timetable¹⁴⁴ based on agreed principles¹⁴⁵
- j) mobilize additional financial resources¹⁴⁶ from multiple sources¹⁴⁷, including reducing the cost of remittances¹⁴⁸
- k) encourage long-term private foreign investment and inclusive finance¹⁴⁹
- l) ensure adequate financial resources for investments in sustainable development¹⁵⁰
- m) ensure debt sustainability and debt relief¹⁵¹
- n) promote inclusive, participatory decision-making at both national and international levels¹⁵², including the conclusion of reforms for increasing effective participation of developing countries in international financial institutions¹⁵³
- o) strengthen domestic resource mobilization, including by improving tax collection and the efficiency of public spending, reducing tax evasion and avoidance, improving stolen asset recovery, and strengthening systems to harness domestic savings for investment¹⁵⁴
- p) promote sustainable public procurement, including through national targets¹⁵⁵

Capacity building:

- q) expand by x% globally the number of scholarships for students from LDCs to enroll in higher education programmes in developed countries and other developing countries, with focus on science, engineering and management¹⁵⁶
- r) substantially strengthen capacities for sustainable development data collection and analysis with a focus on generating disaggregated, timely and high-quality data¹⁵⁷
- s) countries progressively introduce expanded measures of progress beyond GDP into national accounting, with supportive statistical capacity building in developing countries¹⁵⁸
- t) develop and implement capacity building programmes in developing countries, especially LDCs, in support of the national plans implementing sustainable development goals, including in agriculture, water, energy, health as well as in disaster prevention and reduction capacity and sustainable natural resources management¹⁵⁹

Strengthened global partnership for sustainable development

- u) engage all stakeholders in implementation of the SDGs, including through effective, innovative and accountable partnerships in cooperation with governments that mobilize financial resources, develop and disseminate technologies and provide technical expertise¹⁶⁰

- v) regular monitoring and reporting of progress on SDGs within a shared accountability framework, including means of implementation, the global partnership among Member States and multi-stakeholder initiatives and partnerships¹⁶¹

~~Focus area 16. Peaceful and inclusive societies, rule of law and capable institutions~~

~~Peaceful and inclusive societies, rule of law and capable institutions~~

~~Creating peaceful and inclusive societies:~~

- a) ~~by 2030 reduce by x% crime, violence¹⁶² and exploitation especially of children¹⁶³ and women¹⁶⁴ including by reducing organized crime¹⁶⁵ and human trafficking¹⁶⁶~~
(politicization of the document; out of development context)
- b) ~~by 2030 eliminate discriminatory laws, policies and practices,¹⁶⁷ empower marginalized groups,¹⁶⁸ in the social, political and economic fields~~ **(Economic field is captured in the text, and the rest is out of development context)**
- c) ~~by 2030 establish inclusive, participatory decision-making,¹⁶⁹ including at local governments,¹⁷⁰ taking into consideration the interests of future generations~~
(politicization of the document; out of development context)
- d) ~~by 2020 provide information and education on a culture of non-violence¹⁷¹~~
(properly captured earlier)
- e) by 2030 implement planned and managed migration policies¹⁷²

~~Rule of law, capable institutions:~~

- To be transferred to the section of Capacity Building**
- a) by 2030 develop effective, accountable and transparent **economic and financial** institutions at all levels¹⁷³
 - b) broaden the participation of developing countries in international economic decision-making and norm setting, and the reform of the governance of those institutions in order to deliver more effective, credible, accountable and legitimate institutions**
 - c) establish a global corporate accountability mechanism to be tailored nationally**
 - d) by 2030 provide equal access to independent and responsive justice systems including related to property and tenure rights, employment, business, taxation, trade and finance¹⁷⁴
 - e) by 2020 provide public services for all, including legal identity¹⁷⁵
 - f) improve access to information **transparency** on public/**private** finance management, public/**private** procurement and on the implementation of **corporate policies and** national development plans¹⁷⁶
 - g) by 2030 decrease by x% corruption in all its forms¹⁷⁷ and **(politicization of the document; out of development context)** illicit financial flows¹⁷⁸
 - h) ~~remove unnecessary restrictions of freedom of media, association and speech¹⁷⁹~~
(politicization of the document; out of development context)
