21 January, 2022

Excellency,

I would like to inform you that the United Republic of Tanzania intends to present its second Voluntary National Review (VNR) on the implementation of the 2030 agenda for Sustainable Development in 2023. The report will be presented at the High-Level Political Forum on Sustainable Development (HLPF), under the auspices of the Economic and Social Council. As you may recall, Tanzania presented its first VNR in the year 2019.

In this regard, the United Republic of Tanzania would appreciate to be given the opportunity to present the report so as to inform the international community the achievements made towards implementation of the Sustainable Development Goals. This request is in reference to your later dated 13 October, 2021 to United Nations Member States to express their interests to present their VNR in 2023 or subsequent years.

Please accept, Excellency, the assurances of my highest consideration.
