The Government of Peru looks forward to sharing its experiences, including successes, challenges and lessons learned in continuing to implement the 2030 Agenda and its 17 Sustainable Development Goals, in the context of the recovery from COVID-19 pandemic and its multiple social and economic impacts. Our VNR internal elaboration process will include participatory workshops throughout Peru's regions with various actors from the public sector, private sector, civil society and academia, allowing the inclusion of disaggregated information at the territorial level.
