Dear President,

Dear Bob

Switzerland invests in international cooperation and works through national policies in line with our "Strategy for Sustainable Development 2030" to advance the 2030 Agenda for Sustainable Development. We presented comprehensive Voluntary National Reviews (VNR) at the High-level Political Fora in 2018 and 2022 to assess progress in this regard.

I am pleased to inform you that Switzerland wishes to present its next VNR in the coming year, to update the Forum on achievements and challenges in connection with the achievement of the Sustainable Development Goals. We kindly request you to include Switzerland among the list of countries presenting VNRs at the HLPF 2026.

We wish you success with the remainder of your mandate as president of the ECOSOC and express our appreciation for your personal engagement and drive to promote relevant discussions and progress for sustainable development.

Please accept, dear President, the assurances of my highest consideration.
